## EDUCATION

### Punjab Technical University

Bachelor of Computer Applications (BCA) - **CGPA - 7.75**

09 2021 – 06 2024

Mohali, Punjab

### Aness 's School

Senior Secondary School XII - **Percentage - 74%**

04 2020 – 03 2021

Mohali, Punjab

## COURSEWORK / SKILLS

- React.js
- Javascript
- Figma
- HTML5
- Tailwind CSS
- Python
- CSS3
- NEXT.js (Basic)
- C++

## PROJECTS

### The Wild oasis 🔗 | React,Tailwind,React Router,Supabase

08 2024

- Developed a web application for hotel staff to manage cabins and bookings. The app featured real-time updates on booking status (unconfirmed, checked-in, checked-out), the ability to create and manage cabins, and guest details like check-ins and stay duration. Implemented a dashboard showing sales, occupancy rates, and booking statistics. Allowed users to update guest information, verify payments, and manage breakfast options. The app also included dark mode for better usability.

### weatherio 🔗 | HTML5,CSS3,Javascript,OpenWeather API

06 2023

- Created a weather app using HTML, CSS, JavaScript, and the OpenWeather API. Enabled users to enter a city name to retrieve and display current weather information, including temperature, humidity, and wind speed. Incorporated modern design elements using CSS to enhance user experience. Made the app visually appealing and easy to use. Demonstrated ability to integrate APIs and design user-friendly interfaces. .

### Fast React Pizza App 🔗 | React.js, Tailwind, React Router, Redux Toolkit

06 2024

- Developed Fast React Pizza, an online pizza ordering platform designed for a seamless user experience. The platform features personalized onboarding where users enter their name for a customized touch. It includes intuitive menu navigation with detailed pizza descriptions, easy quantity adjustments, and straightforward cart management. Users can review and modify their cart before checkout, which includes live location tracking and a priority option for faster delivery. The project emphasizes a smooth and engaging experience from initial interaction to final order placement.

## TECHNICAL SKILLS

**Languages:** Python, Java, C, C++, , JavaScript

**Developer Tools:** VS Code

**Design Tool:** Figma

**Technologies/Frameworks:** GitHub, ReactJS, Redux, NextJS ,Git,
